pbbbr counsels Bitcliq on private investors funding

pbbbr has counselled the start-up Bitcliq on the rising of €1 million from Indico Capital, LCVentures and Fundo de Inovação Social (FIS)

Bitcliq is a national start-up with its headquarters at Caldas da Rainha that invests in the digital transformation of the primary sector, namely fisheries, through the Lota Digital (Digital Fish market) project and was already recognized as a company of innovation and social entrepreneurship.

The investment aims to expand the company's operations at a territorial level, in addition to the continued focus on components of technological innovation, optimization of the logistics chain and digital transformation of the sector.

pbbbr team was coordinated by TMT partner Carina Branco (pictured), and involved Corporate associate Marco Cardoso and trainee Bernardo Cortes.
